Dear Judge Matsumoto,  
Hope you receive this letter in good health!

I'd been asking medical here many of times to give me my overnight heavy duty pads. Since Commissary Trust Funds don't sell pads that is for heavy bleeding!

Second, we are still on National lock down & getting cold foods like PB + Jelly or rotten bologna & No Fruit or Veggie for 2-3 weeks now! Also our Halal meals aren't Halal plus I told Deputy Warden & AW-Warden & they said they had spent 40,000 Thousand dollars budget for Food Service to buy Halal & They said We don't know why Food Service order incorrectly or why they give us Jewish menus - I'd been waiting 4 months for eye glasses since I got here & Cop-out many of time - Never →

Came to see me on put  
me on the list!

- Also GED Test keep delaying  
here since lockdown.

\* I've Not Seen my Second  
discovery from FBI got on me  
Nor any legal mail to this  
date. & they'd open my legal w/out me there

\*\* Also, I got injured in medical  
room, on the day going to medical  
visit w/others inmates stuffed in  
cramped room that's cluttered, dirty  
& ceiling tiles all over the floor  
& I'd fell & twisted my back &  
got scars on my leg, shoulder &  
arms/ Can't take photos since  
no legal visit National lockdown  
or just in general my legal team  
didn't come to see me either —

Please Respond on getting this  
Resolved!

Thank you!

P.S. I got proof of ceiling tiles pieces  
I'm saving to show you too —
